VOICES FROM A DISTANT PLACE, A DARK TIME Joseph Richard Goldman

VOICES FROM A DISTANT PLACE, A DARK TIME is a collection of stories from the Holocaust. Each story is like a pebble for a kaleidoscope; with its own distinctive color and shape. When all the stories come together, the complete design illuminates the dark horror and savagery which entangled perpetrators in shades of guilt from their crimes; while the other pebbles equally highlighted the dignity and nobility revealed by so many innocent victims thrown into another world where Death and Faith war for their souls.
