Part II of Portrait of Cosmological History is a continuation of the journey begun in Part I, but the scenery has changed a bit. In section A of this volume we explore the Law of Moses, and some of the prophets and prophecies of the Bible, while in section B we enter into the manifestations of spirits. Some of those spirits we will encounter in this book are helpful and informative, while others are destructive and lying. There are no middle-ground, or fence-walking spirits.
