## **Secrets of the People Whisperer: A Horse Whisperer's Techniques for Enhancing Communication and Building Relationships** Perry Wood

Perry Wood learned the true art of communication in the most unforgiving of situations: standing in front of a half ton of agitated, hypersensitive horse. In *Secrets of the People Whisperer*, he shows how the same techniques for developing trust and understanding with a horse can work equally well in one's personal, business, family, and romantic relationships.

Proving the timeless axiom "actions speak louder than words," *Secrets of the People Whisperer* explains how to be a highly skilled communicator who sends and receives messages that are far more powerful than mere speech. The author's unique methods allow one to clearly relate to and positively influence another person for the mutual benefit of both parties. Finally, the author reveals how mastering this deeper way of communicating improves virtually all aspects of one's life, from more fruitful work relationships to personal relationships that are open, loving, and trusting.
