Reading the Material Theatre (Theatre and Performance Theory)

Ric Knowles

Reading the Material Theatre (Theatre and Performance Theory) Ric Knowles

Ric Knowles develops and demonstrates a method of theatrical performance analysis involving the entire theater experience, from production to reception. Five case studies provide a first-step introduction to key terms and areas of performance theory. They include the cultural work performed by a major Shakespearean repertory theater, a small nationalist theater devoted to new play development, a major New York-based avant-garde touring theater company, and a British socialist company dedicated to the work of Shakespeare, as well as a range of international festivals.
