This is the book that Bobbi Brown's fans have been waiting for: her 25-plus years of makeup styling experience distilled into one complete, gorgeous book. Bobbi looks at everything from skincare basics to every aspect of facial makeup--from how to find the right color and type of foundation for any skin tone to how to apply every detail of eye makeup (Brows, Eye Liner, Eye Shadow, and Eye Lashes) no matter your eye color and shape. Of course there are never-before-seen tips on blush, bronzer, lip liners, lipstick, etc. And Bobbi looks beyond the face with informative chapters on "Hands and Feet" and "Body Skin Care." Each chapter has thorough step-by-step basic directions for makeup application and easy-to-follow photographs and line drawings, along with Bobbi's expert, yet assuring, advice. Plus, there's a groundbreaking section of the book that will be of special interest to women who've wanted to know how makeup stylists do what they do: the top beauty secrets only these artists know, essential equipment to keep on hand, how to break into the business, and how to work with photographers and celebrities. Breathtaking photos of the finished faces--from everyday looks to exotic runway style--along with advice on putting it all together for "every" woman, make this a book like no other. BOBBI BROWN'S MAKEUP MANUAL will be the only book any woman will need to look absolutely fabulous.
