Dolphin Diaries is an exciting new series that explores all aspects of dolphins' relationships with mankind.

Jody McGrath and her family are sailing around the world researching dolphins, and Jody records all their exciting adventures in her Dolphin Diaries.

In the series' sixth book, Jody has arrived in the South American rain forest, desperate to see some boto--amazing, bubble-gum-pink river dolphins. She has heard that when the river floods the forest, these magical creatures can be seen swimming between the trees!

But botos are rare and difficult to track down. Will Jody's wish come true?
