Guns, Germs, & Steel by Jared Diamond | Key Takeaways, Analysis & Review

Guns, Germs, & Steel: The Fates of Human Societies by Jared Diamond won the Pulitzer Prize for the first edition that was published in 1997. Thirteen thousand years of human history are explored in order to explain why societies around the world evolved differently from each other and how those differences led to the conquest of particular groups at the hands of others, particularly the defeat of Native Americans, both North and South, at the hands of much more sophisticated and advanced Eurasian forces...
