Handbook of Trust Research (Elgar Original Reference)

Handbook of Trust Research (Elgar Original Reference)

In recent times, research on trust has become a major field in the domain of management and in the social sciences as a whole. "The Handbook of Trust Research" presents a timely and comprehensive account of the most important work undertaken in this lively and emerging field over the past ten to fifteen years.

Presenting a broad range of approaches to issues on trust, the Handbook features 22 articles from a variety of disciplines on the study of trust in both organizational and societal contexts. With contributions from some of the most eminent names in the field of trust research, this international collaboration is an imaginative and informative reference tool to aid research in this engaging area for years to come. The Handbook contributes to an area of key importance to almost every aspect of business and society and, in particular, it will appeal to students and scholars of organization theory, strategy and organizational psychology.
