Multicultural Education, Critical Pedagogy, and the Politics of Difference (Sunny Series, Social Context of Education) Christine E. Sleeter

This book explores and expands upon linkages between multicultural education and critical pedagogy, drawing on the shared goal of challenging oppressive social relationships.

"Here is a comprehensive view of leading theories and practices of multicultural education from scholars of various racial and ethnic groups. The perspectives of those often left out of scholarly debate are well represented in this book. Those perspectives offer significant insights into the ways in which dominant ideologies and classroom practices have functioned to serve only one segment of the American population. The connections between multicultural education and critical pedagogy are brought into clear focus and illustrate how different ways of teaching and learning can benefit all students instead of just a few." -- Sandra M. Lawrence, Mount Holyoke College
