CAPTAIN'S LOG, STARDATE 6945.4:

We have come upon a planet that is inhabited by a feudal society, based on agriculture, and closed to visitors from space so it can develop without interference. But an automatic probe has discovered a building that could not have been constructed by any of the natives. Starfleet has ordered the U.S.S. Enterprise™ to carry out a discreet investigation. On my own initiative I have sent down a six-man landing team. It has been twelve hours and there has been no communication. The team's whereabouts cannot be traced....

The men and women of the Starship *Enterprise*™ return in this dazzling volume of ten electrifying adventures set in deep space. Featuring the unforgettable characters created by Gene Roddenberry, each one of these extraordinary tales captures the beauty and courage of the fearless quest into uncharted realms--where others venture only in their boldest dreams....

Based on the blockbuster films and the legendary television show, these ten original *Star Trek*® stories boldly go where no one has gone before....
