MASTERY OF FATE. Attaining The Supreme Self Through Superior Thought (Timeless Wisdom Collection Book 205) Christian D. Larson

“What Man is, and what man does, determines in what conditions, circumstances and environments he shall be placed. And since man can change both himself and his actions, he can determine what his fate is to be.” With this phrase, Larson starts this amazing book, full of the spirit of motivation and success. You can create any fate by creating the spirit of success. It is all in your mind, and, as “he can who think he can”, if you develop your internal insight and a firm belief in yourself and your forces, you will think you can, and do it! “To change himself, man must change his thought, because man is as he thinks; and to change his actions, he must change the purpose of his life, because every action is consciously or unconsciously inspired by the purpose held in view.”
